

# Mjärdevi Climate code of conduct

1. We promote fossil free and resource efficient business models, behaviors, regulations and organisational approaches.
2. We encourage sustainable transport modes, in service and daily commuting.
3. We make sure that lights and electronics are switched off, and plugged out in the premises when the workday is done.
4. We serve vegetarian and / or locally produced food at events / conferences and serve tap water instead of bottled water.
5. We work to reduce the use of disposable articles, such as paper cups.
6. We make it easy to recycle and reuse in our own premises as well as at the events / conferences we organize or participate in.
7. We have a minimalistic and climate-smart thinking about purchasing and giveaways.
8. We choose eco-labelled hotels for business trips and visitors as far as possible.
9. We encourage, and arrange activities that promotes people and companies in the park to share / exchange / borrow more things with / from each other.
10. We take on future challenges together with the common objective of enabling groundbreaking solutions and actions for a sustainable society
