

Science Pop Up Expo 2020

Are you a PhD student or researcher who wants to showcase your work?

Participate in the Expo and meet companies in the Science Park!

Linköping Science Park Welcomes you to participate in this years edition of the Science Pop Up Expo! During this event, you get to showcase your work to companies, and you can find opportunities to collaborate, exchange research, getting a job or engaging in a project.

Format

The Expo will be digital and to participate you need to submit a short pitch. Companies can browse among the participating PhD students and researchers and register for digital meetings. During the digital meetings you can explore possible opportunities with the companies and make meaningful connections.

What do we need from you?

Sign up using this [link](#), and submit your pitch to us, no later than Nov 25th.

The pitch

The short video should be 90 seconds long and follow this structure:

- Introduction
 - Who are you? What can you offer?
- Your research
 - What is it about?
 - Why is your research important?
 - What is the impact of your research?
 - Focus on practical and applied contributions
- Call to action
 - Why do you want to collaborate?
 - What are your goals and intentions?
- Specifications of the video
 - Landscape mode
 - mp4 file format

Send the file to anna.broeders@linkopingsciencepark.se no later that the 25th of November
