

February 2022

The application opens!

And stays open through out the year.

Monthly Application Reviews

Competence Teams from the Partner Companies within Autonomy, Connectivity & Sustainability meet in the end of each month to review the applications.

The ones that are interesting will get invited to the next Pitch Day. The ones that are not interesting or that has a lack of timing will be saved in the IndX Startup Bank.

Pitch Day's

On Pitch Day's the Steering group and Competence Teams invite relevant colleagues to listen to the pitches of the startups.

Startups can pitch live or digitally. The pitch sessions are followed by an q&a.

Startups that are interesting to keep working with will get invited by the Partner companies to the next step.

Conceptualizing POC's

If any of the partners wishes to proceed with a startup the stakeholders will set up meetings and workshops according to their own schedules and time plans.

December 2022

Evaluating the process of 2022.

Decide if the application should stay open.
