

IOT SECURITY

A photograph of a harbor at dusk. The sky is a gradient of blue and purple. In the foreground, there is a body of water. In the middle ground, several large red cranes are visible, some with blue accents. In the background, there are industrial buildings and a hillside.

Stefan Karlsson
CEO @ ROSSAKER AB

The background features a complex network of glowing lines in shades of blue and red, forming a mesh-like structure that recedes into the distance. The lines are interconnected, creating a sense of depth and connectivity. The overall color palette is dark, with the glowing lines providing the primary visual interest.

The background features a complex network of glowing lines in shades of blue and red, forming a mesh-like structure that recedes into the distance. The lines are interconnected, creating a sense of depth and connectivity. The overall color palette is dark, with the glowing lines providing the primary visual interest.

**We have no pattern for
security**

The background features a complex, abstract network of glowing lines and nodes. The lines are primarily blue and purple, with some red and pink accents, creating a sense of depth and connectivity. The nodes are small, bright points where the lines intersect, and the overall effect is that of a digital or neural network.

**But, we have patterns
for non-security**

- 
- Requiring updates via SD-cards
 - Running legacy operating systems
 - Operating systems come with “linux” but not with a distro
 - Requiring USB mem-sticks for updates

Cannot update jeopardized
modules over the air

==

design is broken

The background features a complex network of glowing lines in shades of blue and red, forming a mesh-like structure that recedes into the distance, creating a sense of depth and connectivity.

**Your edges must have
same security standards
as your servers**

Rossaker makes edges as secure as servers

A photograph of a port at dusk. Several large red cranes are visible, along with industrial buildings and a body of water in the foreground. The sky is a mix of blue and purple.
